Introduction to S. M. Sohail Trust

S. M. Sohail Trust is named after a legal luminary of Karachi, who was an active participant in the freedom movement as President of Provincial Muslim League and also President of Bihar Relief Fund. He was an advocate of education and founded Sharfabad English School. His son, Professor Dr. Syed Tariq Sohail, an eminent Psychiatrist, Educationist and Civil Society activist, inherited Mr. S. M. Sohail's passion for education. He established the S.M. Sohail Trust in 1996, which owns Jinnah Medical and Dental College and its allied teaching hospitals: Sohail Trust Hospital and Medicare Cardiac & General Hospital. We truly believe that organizations with a clear-cut mission, vision, and goals, are driven with purpose, aligned and coordinated, and fueled by wins along the way.

VISION

The trust has a vision of becoming a hub for imparting knowledge and skills to not only healthcare sector but other disciplines as well.

MISSION

S. M . Sohail Trust is established to promote education in the field of Arts and Science and to provide and promote Financial Aid, Scholarships and Grants to needy students and to establish institutions for providing education, technical knowledge and expertise and to establish libraries and health centers.

Five Years Strategic Plan

Executive Summary

The Trust is named after a legal luminary of Karachi, Mr. S. M. Sohail, who was an active participant in the freedom movement as President of Provincial Muslim League and President of Bihar Relief Fund. After 1947, he became Secretary of the Pakistan Bar Council, founding Managing Director of Karachi Co-operative Housing Union and Chairman Public Accounts Committee of West Pakistan Assembly. He was an ardent advocate of education and founded Sharfabad English School.

The Trust established "Sohail University" on May 9th 2018. The trust has a vision of becoming a hub for imparting knowledge and skills to not only healthcare sector but other disciplines as well. The affiliated institutions enjoy good reputation for the quality of innovative teaching and clinical training in the attached well equipped hospitals. Having achieved academic excellence in these institutions Sohail University is poised to initiate graduate and post graduate programs and establish centers of excellence in emerging areas of science, engineering, technology, management and allied disciplines.

Mission:

S.M. Sohail Trust is established to promote education in the field of Arts and Science and to provide and promote Financial Aid, Scholarships and Grants to needy students and to establish institutions for providing education, technical knowledge and expertise and to establish libraries and health centers.

Objectives:

1. To establish Jinnah Medical College at Karachi.
2. To establish other Educational, Professional, technical and vocational institutions.
3. To do all acts to promote education of arts and sciences.
4. To provide and promote financial aid, scholarships, and grants to needy students and institutions.
5. To establish institutions for providing education, technical knowledge and expertise, monetary assistance in the form of loans, aid and or any other Qarz-e-Hasna and to establish libraries, health centers etc.
6. To acquire immovable properties for establishing educational institutions, health centers and libraries.

The vision and mission statements set the tone to achieve preeminence among the peer institutions. The strategic plan of the trust is derived from the intent of its vision and mission statements providing a roadmap for achieving excellence in the following defined areas.

- a) Effective Education
- b) Scientific Research
- c) Community Service.

Effective Education:

With the increasing health related issues of the growing population in the country, the demand for healthcare professionals' is on rise. The SM Sohail Trust established Sohail University and a cluster of the healthcare colleges to contribute its share by producing healthcare and other professionals with contemporary knowledge and skills as per national and market needs.

These teaching and learning processes in these colleges is focused on graduating knowledgeable and competent professionals who can utilize the basic principles of human health and body's behavior in conjunction with their technical skills, diagnosis, care of patient and disease prevention. They are trained to integrate knowledge across disciplines and perform procedures professionally and competently for the well-being of the patients. The whole educational process is based on modern curriculum that is designed with integration of courses and delivered through effective teaching strategies as well as training in simulation laboratories and clinical settings to enhance knowledge and skill base of the students. So far 1100 MBBS, 600 BDS and 338 Nursing graduates have joined the national and international workforce.

Scientific Research

The University established a Research Center in May 2010 to promote scholarly activities and scientific research at the University and affiliated colleges to facilitate faculty and teaching staff achieving important component of its mission by providing trainings and resources to the faculty for scholarly activities. An encouraging trend for the involvement of faculty and students in research and scholarly activities is observed in terms of the increasing number of publications and citations in indexed journals.

Community Service

The SM Sohail Trust has a major focus on meeting the national and local community's needs in terms of producing qualified and competent healthcare professionals to provide standard and safe care to the patients. In 1996, the trust established Sohail Trust Hospital (STH) in the Korangi Industrial Area. The STH is accredited as teaching hospital for undergraduate students of Jinnah Medical & Dental College and postgraduate students of College of Physicians and Surgeons, Pakistan. Further, the hospital provides services to meet the healthcare needs of the underprivileged community of the adjacent areas and beyond without any prejudice to religion, cast, gender, culture etc., through donations, zakat and subsidized fee for services. The STH service activities include providing awareness to the community for disease prevention and taking care of ill patients. It organizes free medical camps for the community in the hospital premises and localities.

STRATEGIC GOALS

STRATEGIC GOAL 1: ACHIEVE EXCELLENCE IN CONTEMPORARY EDUCATION.

STRATEGIC GOAL 2: INFUSE A CULTURE OF SCIENTIFIC RESEARCH AND INNOVATION.

STRATEGIC GOAL 3: IMPROVE COMMUNITY HEALTH AND STRENGTHEN RELATIONSHIPS.

STRATEGIC GOAL 4: HUMAN RESOURCE CAPACITY BUILDING.

STRATEGIC GOAL 5: MAINTAIN A VIBRANT LEARNING AND WORKING ENVIRONMENT.

STRATEGIC GOAL 6: FOSTER FINANCIAL SUSTAINABILITY.

STRATEGIC GOAL 7: EMBRACE ELECTRONIC TRANSFORMATION AND SYSTEM DIGITALIZATION.

1: ACHIEVE EXCELLENCE IN CONTEMPORARY EDUCATION.

Objective 1. Sustain student-centered educational environment for innovative and modern education.				
#	Initiatives	Timeline	Performance Indicator	Responsibility
1.1	Systematic review of the curriculum to eliminate redundancy and allow time for expanded learning opportunities in contemporary education.	Annually	Program Learning Outcomes Achievement Report Course Reports.	Curriculum Committee Academic Council.
1.2	Implement blended learning approaches; case-based learning, evidence-based practice and active learning throughout the curriculum in health cluster colleges.	Annual	Number of courses incorporating blended learning approaches	Curriculum Committee Academic Council
1.3	Expand learning opportunities in areas of emerging technologies and research.	January 2024	Changes in courses/curriculum	Curriculum Committee
1.4	Develop collaborations and initiate inter-professional education [IPE] learning opportunities with other colleges in the health cluster: JMDC, JCN, JCRN, JCP.	January 2024 & Ongoing	Number of IPE projects in an academic year	Academic Council Curriculum Committee
1.5	Review market trends, national and local community demands for healthcare and other professionals and educators.	Annually	Statistics from Ministry of Education & Ministry of Health	Chair CHS
1.6	Augment quality and competency of University graduates.	Ongoing	On-time graduation Rate	Academic Council Examination Department
Objective 2. Curriculum focusing on comprehensive patient care model.				
#	Initiatives	Timeline	Performance Indicator	Responsibility
2.1	Enhance the Group Practice Model to integrate curricular content, increase efficiency and facilitate trans-disciplinary patient-centered care.	July 2023	Evaluation of courses with group practice approach	Medical Education Department Academic Council
2.2	Develop policy on achieving competencies in the programs.	July 2023	Competency Manual and Policy	Examination Department
2.3	Maintain an active patient database.	Ongoing	Number of active patients	Director Hospital IT Department

STRATEGIC GOAL 2: INFUSE A CULTURE OF SCIENTIFIC RESEARCH AND INNOVATION.

Objective 1. Advance the scientific infrastructure to provide state-of-the-art core research facilities.

#	Initiatives	Timeline	Performance Indicator	Responsibility
2.1.1	Upgrade and maintain safety measures in research labs.	Ongoing	Research labs maintenance & safety report (Rate of labs accidents /malfunction)	Dean BRS Health and Safety Committee
2.1.2	Complement research laboratories with materials, equipment and staff to accommodate research themes.	Ongoing	Updated inventory of research laboratories	Dean BRS
2.1.3	Monitor optimal usage of research equipment at high efficiency level.	Ongoing	Equipment utilization report	Dean BRS Research Committee

Objective 2: Establish and support an environment of creativity and innovation

#	Initiatives	Timeline	Performance Indicator	Responsibility
2.2.1	Establish collaborative channels with academic and community partners and entrepreneurs.	Ongoing	Report on inter-professional / trans disciplinary collaboration events	Dean BRS Research Committee
2.2.2	Encourage and support faculty and students to explore opportunities for creativity and innovation.	Ongoing	Number of patents	Research Committee
2.2.3	Promote creativity and innovation through recognition of achievements and excellence awards.	Ongoing	Number of excellence awards	Research Committee

Objective 3. Provide optimal opportunities to faculty and students for participation in scientific research.

#	Initiatives	Timeline	Performance Indicator	Responsibility
2.3.1	Introduce themes for research.	July 2023	Number of Orientation sessions held annually	Research Committee

2.3.2	Support and encourage scholarly pursuits by junior faculty through research mentorship.	Ongoing	Number of publications by newly joined faculty	Research Committee
2.3.3	Create scholarship culture and activities that contribute to generating knowledge.	Ongoing	Report on scholarly activities	Dean BRS Research Committee
2.3.4	Promote students research By emphasizing research skills in courses.	Ongoing	Number of courses with research components	Academic Council Curriculum Committee Research Committee
2.3.5	Provide funding opportunities for students' research.	Ongoing	Number of students funded research projects	Dean BRS Research Committee
2.3.6	Facilitate student's participation and presentations in national, regional and international scientific sessions.	Ongoing	Number of scientific presentations in conferences by students in an academic year	Dean BRS Research Committee
Objective 4. Explore opportunities for extramural funding enhancing community focused research.				
#	Initiatives	Timeline	Performance Indicator	Responsibility
2.4.1	Compete for maximum research funding for faculty and students from University.	Ongoing	SU's research budget allocation	Executive Director Dean BRS
2.4.2	Establish and disseminate an online repository of available funding opportunities relevant to researchers and students.	Ongoing	1. List of external funding agencies (international and national. 2. Amount of money from external research funding.	Dean BRS Research Committee
2.4.3	Develop and implement internal grant review process to provide constructive feedback for faculty and trainees.	Ongoing	Number of reviewed grant proposals /research manuscripts.	Dean BRS Research Committee

Strategic Goal 3: Improve Community Health and Strengthen Relationships.

Objective 1. Develop an effective comprehensive patient-centered care program.				
#	Initiatives	Timeline	Performance Indicator	Responsibility
2.5.1	Strengthen patient relations Management.	Ongoing	1. Patient satisfaction survey 2. Number of patient complaints	QA Department
2.5.2	Improve complaint resolution time.	Ongoing	Annual average complaint resolution time	QA Department
2.5.3	Document and follow evidence-based-guidelines for patient-care management.	Ongoing	Clinical guideline manual	HODs Clinical Department
2.5.4	Establish system for reporting morbidity and mortality.	Ongoing	Post-surgical morbidity report	QA Department
2.5.6	Provide optimal patient treatment experience to educate the emerging workforce.	Ongoing	Horizontal and vertical integration of the courses	Academic Council
Objective 2. Strengthen onsite and outreach community programs for university and hospitals preeminence				
#	Initiatives	Timeline	Performance Indicator	Responsibility
2.6.1	Foster Community Health initiatives through Development of partnerships.	Ongoing	1. Number of partner organizations per year 2. Number of partner schools per year	CHS Hospital Administration

			3. Average satisfaction with partners, organizations, schools.	
	Support and encourage students and faculty's service learning in community health.	Ongoing	Percentage of students engaged in community service activities.	1. CHS 2. Clinical HODs 3. Hospital Administration
2.6.2	Enhance community Partnership with industries, NGOs and schools.	Ongoing	Number of community partners	CHS Hospital Administration
2.6.3	Design strategies to monitor community opinions for quality and image of services.	Ongoing	Community satisfaction surveys	QA Department
2.6.4	Develop outreach programs for underprivileged population.	Ongoing	Plan for Outreach Program (Medical Camps) Number of beneficiaries of outreach community services	1. CHS 2. Clinical HODs 3. Hospital Administration

Strategic Goal 4: Human Resource Capacity Building.**Objective 1. Recruit and retain well-qualified faculty and staff.**

#	Initiatives	Timeline	Performance Indicator	Responsibility
2.7.1	Develop and implement employment projection model that responds to university's aspirations, fostering an essential balance of research-intensive scholars and clinical teacher	Ongoing	5-year employment projection plan	HR Department
2.7.2	Pursue endowed professorships /chairs to recruit and retain senior faculty.	Ongoing	Number of endowed positions	
2.7.3	Enhance effectiveness of recruitment and hiring process and select candidates based on relevant departments/ administration recommendations.		Number of newly joined faculty and staff in an academic year Annual recruitment report	
2.7.4	Acknowledge and reward faculty and staff with outstanding performance.	Ongoing	Outstanding performers awards Job Satisfaction Survey Report	

Objective 2: Provide innovative continuing education and professional development programs.

#	Initiatives	Timeline	Performance Indicator	Responsibility
2.8.1	Enhance mentoring and professional development opportunities for faculty members, administrative and support staff.	Ongoing	Reports on CE-D Program	Continuing Education & Development Unit

2.8.2	Deliver onsite and online CE - development courses.	Ongoing	Number of CE and Development courses offered in an academic year. Number of participants per events. Satisfaction report on provided courses	Continuing Education & Development Unit
2.8.3	Motivate and develop faculty and alumni to conduct CE sessions at the College.	August 2021	Report on the pools of faculty and alumni presenters. Report on topics presented by pool members	Continuing Education & Development Unit
2.8.4	Branding SU's Medical Education Program for evolving teaching and specialization needs.	Ongoing	1. Number of programs organized in an academic year. 2. Number of participants in CE programs 3. Satisfaction report on provided courses	Medical Education Department
2.8.5	Maintain strong academic and professional links with the educational communities nationally and internationally.	Ongoing	1. Number of onsite & external CE session offered in an academic year. 2. Number of faculty participating in professional societies. 3. Report on media coverage of CE programs	Medical Education Department
2.8.6	Promote alumni engagement in CE program	Ongoing	1. Number of alumni participants in CE programs in an academic year.	Medical Education Department

			2. Number of alumni presenters in CE programs	
--	--	--	---	--

Strategic Goal 5: Maintain a Vibrant Learning and Working Environment.

Objective 1: Create a learner-centered environment at the university, encourage and maximize students' potential to achieve their aspirations.				
#	Initiatives	Timeline	Performance Indicator	Responsibility
2.9.1	Maintain conducive educational and work environment and facility upkeep, fostering and promoting physical and mental well-being of the faculty, staff and students.	Ongoing	1. Student clubs activities 2. (Entertainment, art, sports, cultural). 3. Annual Social Gatherings. 4. Mental health awareness lectures. 5. Health clinic.	1. HR Department 2. University Registrar 3. Students Affairs
2.9.2	Maintain infrastructure and facility improvements to promote a state-of-the-art environment with technological advancements	Ongoing	1. Environmental rounds report. 2. User Satisfaction Survey Report (Students', Faculty and Staff). 3. Employees (non-faculty) Job Satisfaction Survey.	COO University Registrar QE and QA Departments
2.9.3	Ensure safety and security at all working and educational sites.		1. Environmental rounds report. 2. Number and analytical report of OVRs. 3. Risk Management Unit.	COO Security and Maintenance Departments
2.9.4	Acquire and maintain equipment and resources including readiness of classrooms, labs and clinics	Ongoing	-	COO University Registrar Principals

2.9.5	Enhance adequacy and efficiency of facilities and services provided to all stakeholders	Ongoing	Facility User Satisfaction Survey Report	COO Security and Maintenance Departments
-------	---	---------	--	---

Strategic Goal 6: Foster Financial Sustainability.

Objective 1: Diversify financial resources to achieve financial sustainability.				
#	Initiatives	Timeline	Performance Indicator	Responsibility
3.1.1	Prepare budget plan that justifies fund request from the Board of Trustees to support operational facilities of the university and affiliated institutions.	Annually	Approved budget Expansions and optimization plan	Board of Trustees Director Finance
3.1.2	Prepare feasibility report for new projects / programs.	On need basis	Feasibility report of new projects / programs	University Vice Chancellor University Registrar COO
3.1.3	Rationalize operational and maintenance cost.	Ongoing	Allocated amount vs expenses (operational and maintenance)	COO Director Finance

3.1.4	Strengths existing corporate clientele and engage new corporates for healthcare services at MCGH & STH.	Ongoing	% increase in new corporate clients Increased or decreased % of corporate patients	COO Hospital Administration
3.1.5	Introduce new clinical services and redesign the packages for surgical and medical procedures.	Ongoing	Number of new services Number of beneficiaries	COO Hospital Administration
3.1.6	Improvise fund raising strategies, develop partnership and collaboration with the local and national healthcare networks, government agencies and industries.	Ongoing	Number of signed MOUs	Resource Mobilization Unit
3.1.7	Enhance and offer paid Continuing Education & Professional Development programs (onsite and online) to the faculty and practitioners.	Ongoing	1. Number of programs and participants. 2. Improved revenue through CE and Professional Development courses.	Medical Education Department SU Marketing Department
#	Initiatives	Timeline	Performance Indicator	Responsibility
3.2.1	Strengthen budgetary controls through financial projections of capital and operating	Ongoing	5-year financial feasibility projection plan	COO Director Finance

	expenses and income opportunities.			
3.2.2	Develop cost efficiency plan to increase revenues and decrease expenses.	Annually	Budgeted vs actual expenses	COO Director Finance
3.2.3	Review and update the initiatives and implement a capital and assets work plan in consultation with key stakeholders.	Annually	Number of Initiatives exceeding budget	COO Director Finance
3.2.4	Digitalize and improve financial management system.	July 2023	Acquisition and implementation report of digital financial system	COO Director Finance Director IT Services
3.2.5	Strengthen internal auditing of financial transactions.	Ongoing	Annual internal audit report	COO Director Finance
3.2.6	Reduce number of financial errors.	Ongoing	Annual report for number of financial errors	Director Finance
3.2.7	Generate and review midterm and annual financial reports for adjustments and immediate actions. (allocated budget, income and expenses)	July 2023	Mid-term and annual budget reports Adjustment and improvement actions	COO Director Finance

Strategic Goal 7: Embrace Electronic Transformation and System Digitalization.**Objective 1: Enhance electronic transformation of COD operational activities**

#	Initiatives	Timeline	Performance Indicator	Responsibility
3.3.1	Enhance administrative operations by automation of systems and processes.	Ongoing	1. List of online activities/processes. 2. Electronic inventory record 3. Electronic documentation	Executive Director Director IT Service
3.3.2	Foster decision-making using database and electronic channels for communication.	Ongoing	Number of electronic data based decisions	Executive Director Director IT Service
3.3.3	Implement Electronic Health Record (EHR) to reduce stationary cost.	January 2024	1. Percentage of EHR among active patients. 2. % of satisfied clinical staff for EHR use	HIMS Department QA Department

Objective 2. Incorporate technology to upgrade the students learning experience.

#	Initiatives	Timeline	Performance Indicator	Responsibility
4.4.1	Modernized teaching strategies	Ongoing	List of courses using e-learning resources	Curriculum Committee

				E - Learning committee
4.4.2	Integrate digitalized components in educational Programs.	Ongoing	% of progression in integrating digital content in the curricula (under and postgraduates).	Curriculum Committee E - Learning committee
4.4.3	Provide and support use of innovative tools and services for use of technology in education.	Ongoing	<ol style="list-style-type: none"> 1. Number of faculty development programs enhancing use of e-learning strategies. 2. e-learning experience satisfaction survey (Student and faculty) 	Medical Education Department IT Services E - Learning committee
4.4.4	Establish electronic question bank and employ students e-assessment processes	2024 Ongoing	<ol style="list-style-type: none"> 1. % of courses with e-assessment (per semester) 2. e-learning assessment satisfaction survey (Student and faculty) 3. % of Course Learning Outcomes assessed digitally / electronically. S. M. Sohail Trust Programs

JINNAH MEDICAL & DENTAL COLLEGE

In 1998, the Trust established Jinnah Medical College, admitting its first batch of MBBS students. In 1999, Jinnah College of Dentistry was opened and admitted its first batch of BDS students.

SOHAIL TRUST HOSPITAL

The Trust built a teaching Hospital in the Korangi Industrial Area for low-income residents. This not-for-profit Hospital is ideal for training of undergraduate and postgraduate students. The STH Outpatient Department opened to the public in 2002. Inpatient services were available from April 2003.

MEDICARE CARIDAC & GENERAL HOSPITAL

A state of the art teaching Hospital at Shaheed-e-Millat Campus. The Hospital has 150 beds, providing the entire range of cardio vascular and surgery services, including 24hour Emergency, Angiography, Angioplasty and Cardiac Surgery with ICU and CCU. This will provide a new dimension for teaching undergraduate and postgraduate students as they have the privilege of being exposed to a modern, high-tech hospital in the heart of the city.

SOHAIL UNIVERSITY

Sohail University was established under the auspices of S.M. Sohail Trust through a bill passed by the Provincial Assembly of Sindh under the Sohail University Act 2017, Sindh Act No: XIII of 2018 on May 9th 2018.

INSTITUTE OF HISTORICAL & SOCIAL RESEARCH

Institute of Historical and Social Research (IHSR) is a Karachi (Pakistan) based research organization with a very vibrant progressive and pro-people vision. It would undertake research on historical and socio-political issues, particularly with reference to Pakistan. The research conducted by the Institute will cover different disciplines independently as well as in a multi-disciplinary manner.

Message from Chairman Trustee

I am a successful builder of a comprehensive medical embodiment that includes a medical college, hospital, clinical research centers and now the much-awaited Sohail University which HEC recognises. With our heads and hearts together we can continually strive to build a better educational environment where teachers can provide the best standard of education to the students.

We have created an ambience of the latest infrastructure to promote interactive teaching-learning. We are proud of our excellent faculty members having adequate academic and industrial experience who ensure confidence, creativity and competence in the perfect development of young minds.

I would like to extend my profound gratitude to all of the teachers, staff, and students. I have faith that we will meet the challenges that lie ahead in our pursuit of greatness and scale new heights in the years to come.

Professor Dr. Syed Tariq Sohail.
Chairman Trustee

The Trustees of the SM Sohail Trust are pleased to present the Annual Report 2023

Board of Trustee

At the date of this report, the Board of Trustees of the Trust are:

Dr. Syed Tariq Sohail
Mrs. Ghazala Tariq Sohail
Mr. Syed Adnan Tariq Sohail
Mr. Syed Bulent Sohail
Ms. Maham Tariq Sohail

The listed Board of Trustees held office as a Trustees of the Trust throughout the financial year ended 30th June, 2023.

Composition of Board of Trustees

The total number of Trustees is 5 and male to female ratio is 3:2.

Trust Principal Activities

The Trust is involved in running colleges and health care establishments. At present, Trust is operating two large Hospitals together with Medical, Dental and Nursing colleges as well as a basic health unit.

Operational Performance

As the Trust continued to expand its operations in line with its vision, with the goal to impact more beneficiaries, the operational performance remained firm, despite the volatile economic situation in the country.

Description	2022	2023
Income	Rs. In 000	
Tuition Fee – Net off Scholarship & Concession	586,244	752,231
Treatment Charges – Net off Zakat and welfare	1,108,840	1,424,063
Expenditure		
Operating Expenses	1,372,684	1,756,152
Administrative Expenses	259,991	296,706
Total Assets	4,105,909	4,343,565
Net Assets	1,880,000	2,300,849

The colleges of the trust are Jinnah Medical and Dental College, Medicare Care School of Nursing. The Medical and Dental colleges are regulated by Pakistan Medical & Dental Commission (PMDC) which allows a maximum of 100 students/batch in MBBS and 50 students/batch in BDS.

Sohail Trust Hospital Korangi has 350 beds whereas Medicare Cardiac & General Hospital is 150 beds.

Liquidity Profile

Investment positions are prepared, reviewed and monitored on a regular basis for smooth operations and maximizing the returns.

Corporate Governance

The Trust strives to comply with the requirements of the Code of Corporate Governance Regulations 2017. The requirements are practiced on a voluntary basis to ensure good governance.

Risk Management and Compliance

Owning to the changing landscape and intermittent regulations, guidelines and rules for NPOs, legal and compliance are areas that require constant attention. The Board is cognizant of the matter, and aims to put further emphasis on this important subject. During the year, the board has approved the risk matrix of the Trust and has constituted the risk and compliance committee to further formalize and set in place a continuous process to mitigate related risks and complete action points appropriately.

Statement on Corporate and Financial Reporting Framework

- These financial statements prepared by the management of the Trust present fairly its state of affairs, the result of its operations, cash flows and changes in funds and reserves.
- Proper books of accounts of the Trust have been maintained.
- Appropriate accounting policies have been consistently applied in preparation of the financial statements and accounting estimates.
- Financial Reporting Standards (IFRS) as applicable in Pakistan have been followed to prepare the Trust's financial statements. Approved accounting standards comprise of such International Accounting Standards as notified under provisions of the Companies Act 2017. In case the requirements differ, the provisions of or directives issued under the
- Companies Act 2017 shall prevail.

- The Internal control systems have effectively been designed and implemented. These systems are continuously monitored by Internal Audit and through other monitoring mechanisms. The process of monitoring internal controls will continue as an ongoing process with the objective to further strengthen the controls and bring improvements to the system.
- There are no significant doubts upon the Trust's ability to continue as an ongoing concern.
- There has been no material departure from the best practices of corporate governance.

Principal risks and uncertainties of the Foundation are:

Risks	Mitigating Actions
Regulatory Risk	Regulatory changes, if any are adhered and create internal procedures to implement them.
Investment and FCY Risk	Investment portfolio is diversified and monitored on a regular basis. FCY deposits are part of our portfolio and valued as per the exchange rate.
Internal Control Risk	An independent internal audit function is in place that reports directly to the Board. Other monitoring mechanisms are in place at organizational and departmental level.
Recruitment & Retention Risk	We hire, develop and retain the good people at all levels of the organization
Safeguarding Risk	Corporal punishment guidelines are followed at all levels. There is zero tolerance policy on this.

Appropriation of Reserves

The Board member approved an appropriation of surplus funds of PKR 100 million approximately at the end of the year to be transferred to various in funds in 2022-23.

Subsequent Events

No material changes or commitments affecting the financial position of the Trust have taken place between the end of the financial year and the date of the Report, except the appropriation of reserves as mentioned above.

Board Meetings and Attendance

The Board holds quarterly scheduled meetings throughout the year. During the financial year ended 30 June, 2023.

Board Members	Status	Eligibility to Attend	Attended
Dr. Syed Tariq Sohail	Trustee	4	4
Mrs. Ghazala Tariq Sohail	Trustee	4	4
Mr. Syed Adnan Tariq Sohail	Trustee	4	4
Mr. Syed Bulent Sohail	Trustee	4	4
Ms. Maham Tariq Sohail	Trustee	4	4

Involvement of the Board of Trustees

The Board of Trustees of The Trust are experienced and qualified professionals who bring a diverse range of professional and technical expertise to the organization. The members make sure that objectives are made and aligned with the core vision.

The Board of Trustees provide oversight on the Trust's strategy and management effectiveness in order to ensure alignment with its core mission as well as its operating environment.

The Board also plays a critical role in ensuring the Trust's financial sustainability through its fundraising efforts as well as being a source of guidance and expertise for all functional leaders within the organization.

Financial Statements

The financial statements of the Trust have been approved and duly audited without qualification by the auditors of the Trust; their report is attached with the financial statements

Auditors

The audit firm has been given satisfactory rating under the Quality Control Review Programme of Institute of Chartered Accountants of Pakistan (ICAP). It is fully compliant with the International Federation of Accountants' guideline on codes of ethics, as adopted by ICAP.

SMST Employee Benefits

Medical coverage is grouped into four parts as follows:

- **INPATIENT TREATMENT**
- **OUTPATIENT TREATMENT**
- **MATERNITY BENEFITS**
- **LEAVE POLICY**

Employees may utilize accrued sick leave for the following reasons:

- a) Illness or injury of the employee.
- b) Any medical treatment or consultation.
- c) Quarantine due to a contagious illness in the employee's household.

Pakistan Centre for Philanthropy

(The first NPO Certification Agency, authorized by The Government of Pakistan vide notification No.1116 (I)/2003)

Pakistan Centre for Philanthropy hereby certifies that
according to the records of the organization

S. M. Sohail Trust (SMST)

is certified as per NPO evaluation standards notified by FBR.

SHARIAH CERTIFICATE FOR ZAKAT FUNDS-
SM-SOHAIL TRUST

Sohail Trust Hospital (STH) is a project of S.M Sohail Trust established in 2002 is a 350 beds hospital spread over four acres of land located in the Korangi Industrial Area for underprivileged patients. This hospital is the nexus for primary healthcare needs.

Method of the utilization of Zakat:

The financial needs of the Hospital are being covered through both general donations and Zakat contributions from individuals and corporations in Pakistan and around the globe. The Zakat received by STH is allocated towards the welfare of deserving patients. The management of STH assesses the financial status of applicants to determine their eligibility for Zakat and subsequently receives authorization from eligible patients to collect Zakat on their behalf. This constructive tamleek (ownership) arrangement allows STH to collect zakat on behalf of beneficiaries and utilize it appropriately in accordance with their eligible needs.

Shariah Ruling:

In order to ensure adherence to Shariah principles throughout the entire Zakat process, our company has been designated as an independent Zakat Consultant. Our responsibility is to thoroughly examine all zakat-related documents and procedures. We have conducted a comprehensive review, we are pleased to confirm that Sohail Trust Hospital (A project of SM Sohail Trust) collects and utilizes zakat funds in compliance with Shariah laws and regulations.

May Allah Almighty forgive any mistake in this assignment and grant the management the best reward for their services. Aameen

الحمد لله

Mufti Ubaid Ur Rahman Zubairi

Director

Alhamd Shariah Advisory Services Private Limited

Note: This certificate is valid till 31st Dec 2023

Address: Flat 503, 8th Floor Ibrahim Residency, C.P & Berar Society, Karachi.

JINNAH

MEDICAL & DENTAL COLLEGE

JINNAH MEDICAL & DENTAL COLLEGE

Vision

To set local and global standards for quality patient outcomes – creating a culture of excellence to promote a transformative experience for the 21st century clinicians, educators and researchers to benefit all humanity.

Mission

We are committed to develop well-rounded academicians, thinkers, clinicians and researchers by strengthening a global view, broadening intellectual foundations and teaching effective communication. It is our aspiration to cultivate creative and critical thinking skills for problem solving, sensitive to cultural and ethical values and responsibilities. Our graduates are role models and society leaders

Program Objectives

JMDC's program curriculum conforms to the regulations and recommendations of the Pakistan Medical Commission and is designed to integrate academic knowledge and clinical experience which emphasize the following goals:

- Help students acquire relevant knowledge
- Develop student communication skills, both oral and written
- Promote team work
- Instill compassion and empathy
- Uphold Professionalism

Visionary

The decision taken by the Trust to establish a new medical college was based on its desire to raise the standards of medical education in Pakistan. Conscious that a high level of professional competence has to be attained by medical students, the Trust planned a system of instruction in which the emphasis is on interactive, small group tutorials, problem-based and community-based learning, relevant to our particular culture.

As the world is shrinking rapidly, Jinnah Medical and Dental College students are encouraged to keep abreast of the latest developments in the medical sciences. Other vital aspects of education, too often ignored by medical educationists are emphasized to include communication skills, language skills and courses in humanities. As part of the curriculum, students will also be trained to write and speak effectively, giving them the confidence to pursue graduate studies and participate effectively in seminars and conferences at national and international levels. The College desires its' students to develop leadership qualities and a team spirit.

The strategy for fulfilling this Mission is based on student-teacher interaction, community-based instruction, and further support in the form of a good library, audio-visual aids, skills laboratory, computer-assisted learning and an active humanities department

Prof. Dr. Zaki Hasan

Principal of Medical College

Welcome to Jinnah Medical College, a distinguished institution recognized for its excellence in medical education nationwide. Our college is dedicated to empowering students with top-tier medical knowledge, fostering their path to becoming adept and accomplished medical professionals.

At Jinnah Medical College, we take pride in our exceptionally qualified faculty members who are wholly committed to delivering unparalleled medical education. They employ contemporary teaching methodologies, encourage critical thinking among students, and foster a culture of pioneering research and innovation.

Our cutting-edge facilities, encompassing a well-appointed library, advanced laboratories, and comprehensive clinics, offer students an immersive learning environment. Additionally, we provide a spectrum of extracurricular activities that augment overall development, shaping individuals who are versatile and well-rounded.

With a rigorous academic curriculum, ample opportunities for hands-on clinical exposure, and a supportive, nurturing atmosphere, we are confident in the advantages our students gain at Jinnah Medical College.

We extend an invitation to explore our programs, engage with our esteemed faculty, and discover more about our institution. We believe that Jinnah Medical College stands as an exceptional choice for those aspiring to pursue a distinguished medical education.

Prof. Dr. Syed Hussain Mehdi

Principal of Jinnah Medical & Dental College

Principal of Dental College

It is with great pleasure that I welcome you to Jinnah Dental College one of the leading dental colleges in the country. Our college has a proud history of providing exceptional dental education and training to students from all over the world.

As the Principal of Jinnah Medical & Dental College, I can confidently say that we are committed to providing our students with the best possible education and training, ensuring that they are well-equipped to meet the challenges of the dental profession.

Our college boasts state-of-the-art facilities and equipment, and our faculty members are renowned experts in their fields, ensuring that our students receive the highest quality education and training. Our curriculum is designed to provide a comprehensive understanding of dental science, as well as practical skills and clinical experience.

We aim to produce skilled, compassionate, and ethical dental professionals who are committed to helping their communities at Jinnah Dental College.

Prof. Dr. M. Junaid Lakhani

Principal of Dental College

Learning Outcomes

A JMDC graduate should be able to:

- Develop insight and curiosity for acquiring contemporary knowledge and skills
- Differentiate and act according to the critical and non-critical conditions
- Display effective communication both written and verbal
- Answer complex questions faced by physicians
- Take ownership of defined population and promotion of social justice
- Develop moral reasoning for professional and ethical dilemmas
- Address health system issues with evidence-based research including demography, statistics, epidemiology and cultural nuances
- Act as a responsible leaders and competent researchers for the ccommunity and country

Values For Our Medical & Dental Graduates

- Display enlightenment and moral virtues to prepare themselves for life and work in a problematic changing and diverse world
- Be responsible leader for the good of themselves, their family
- Be humane and socially equipped individuals, in tune with rights a of patients and vulnerable groups
- Show expertise in critical situational analysis
- Respect diversity
- Display effective communication
- Be able address population health and health system issues based on demography ,statistics ,epidemiology and scultural nuances

JINNAH MEDICAL & DENTAL COLLEGE

Program Offered

Bachelor of Medicine, Bachelor of Surgery (MBBS) – Affiliated with JSMU

Bachelor of Dental Surgery (BDS) – Affiliated with JSMU

Postgraduate Programs (Recognized by CPSP):

- Surgery
- Medicine
- Obstetrics & Gynecology
- Pediatrics

Admission Criteria

Admissions process including eligibility requirements for MBBS and BDS programs is conducted as per PMC/PMDC directives. Please check our website for more details:

DEPARTMENT OF MEDICAL EDUCATION

Department of Medical Education

Purpose:

The need for Department of Medical Education is because of several factors such as curriculum reforms, need for faculty training, new methods for student selection, advances in medical informatics, the requirements from quality assurance and accreditation bodies, and education becoming a viable faculty career track. The Department is proposed to fulfill all these needs.

How will Decision be Taken?

The decisions will be taken by consensus of the member of Medical Education with the approval of Dean.

Frequency of Meetings:

As required

Mode of Communication:

- Face to face
- Online meetings (COVID Lockdown)
- Email
- Workshops

Committee Designations:

Director: Dr. Fadieleh A. Sohail

Associate Director: Dr. Zeelaf Shahid

Members:

Dr. Junaid Lakhani

Dr. Marium Iqbal

Dr. Sadaf Fatima

Invited Members:

Medical Educationist both nationally and internationally will be invited from time to time to offer their expert advice.

Department of Medical Education

Number of Members: 05

Criteria for Selection of Members:

Medical Educationists, or those members or faculty who are academically active and experienced.

Review of Terms of Reference & Membership:

Annually or when required.

Functions of the Department of Medical Education:

Curriculum Change:

Medical curricula around the world are undergoing reform. The introduction of new student selection criteria, integration of basic and clinical sciences, emphasis on relevance, increased attention to personal and professional development, problem-based guided learning and self-directed learning and E-learning.

Assessment:

It follows a sound and systematic assessment organization for 5-years modular, organ system based, integrated curriculum for the delivery of medical education leading to qualification of MBBS degree and 4-year system program for BDS degree. This assessment fulfils all the requirements as laid down by the PMDC/PMC. Regular TOS is made for modules, midterm and pre professional examinations. Decisions are made on the assessment results for both students and faculty, and implemented in the college.

Accreditation Requirements:

Accreditation and quality assurance bodies are demanding greater scrutiny of the education process, the number and qualifications of teachers and teaching/learning and assessment methods. This has resulted in the design of outcome-based curricula, audits of teaching, and appraisal activities that are now normal processes in many medical schools around the world. The department will provide major support for these initiatives and a home base for staff and other departments involved in this process.

Teacher Training:

The increasing complexity of the curriculum with its new educational strategies, new assessment tools and the increased use of learning technologies, has led to the recognition that all those who teach require some background and training in education. Teacher training has proved pivotal in stimulating curricular changes and is becoming compulsory for all new staff members. The department will collaborate with other faculties to ensure continuous teacher training. Their teaching practice will be reviewed as part of their regular appraisal and consistently poor performance will be reported by the department to the Dean.

Department of Medical Education

Research:

An essential function of the department will be to encourage Research within the institution. The department will play an important part in creating a culture of research by innovating, developing new approaches to medical education and publishing their findings. Communication concerning research such as running journal clubs, circulating medical education newsletters are ways that will be used by the department for promoting this culture.

Teaching:

The major role of the department in the teaching aspect of their function is to help equip the teaching staff with the necessary abilities to undertake effectively their roles as medical teachers. Also continuing medical education (CME) activities, conferences, workshops on evidence-based medicine and running the clinical skills laboratory.

Service Provision:

The service areas include: serving on committees and task forces; consultancies to educational providers; curriculum development, planning and administration, for example, assistance in defining objectives and curriculum organization; assessment and evaluation, for example, curriculum and program evaluation, test administration and scoring, developing and maintaining examination databanks.

Academic Development & Support:

An important role of the department is to provide an academic home for and nurture the careers of faculty members wanting to focus on educational scholarship and develop as future medical educationists.

Research Activity:

CAMPUS FACILITIES

Campus Facilities

JMDC has two campuses Shaheed-e-Millat Campus and Korangi Campus with the following facilities on both campuses:

AUDITORIUMS/LECTURE HALLS

All are air conditioned and equipped with multimedia facilities.

SEMINAR ROOMS

Air conditioned to accommodate small groups for tutorials/discussions.

Campus Facilities

MUSEUMS

Equipped with specimens, models, diagrams and slides to aid study.

LABORATORIES

Fully equipped for students to perform experiments and complete practical work.

Campus Facilities

DISSECTION HALL

A large hall with cadavers dedicated to teaching gross anatomy.

SPORTS GROUND

3-acre multi-purpose area for students to play football, cricket, basketball and athletics.

Campus Facilities

LIBRARY & DIGITAL LIBRARY

Qualified librarians are available to guide students to make the best use of library resources.

CAFETERIAS/INDOOR GAMES FACILITIES

Serves snacks and meals plus students can relax and enjoy TV, Badminton, Table tennis, Carrom board, Foosball or Snooker.

Campus Facilities

BIOMEDICAL RESEARCH CENTER (BRC) (Shaheed-e-Millat Campus):

The Sohail University has taken a leap forward to enrich its educational resources, by setting up Biomedical Research Center (BRC). The center is temperature-controlled research facility divided into cell culture, molecular biology, biochemistry and cell biology sections. The center is equipped with state-of-the-art laboratory equipment.

Additionally, the university has hired a team of foreign qualified basic science research faculty to advise & facilitate research of its undergraduate, graduate & postgraduate students.

Affiliated Hospitals

- SOHAIL TRUST HOSPITAL (STH)
- MEDICARE DENTAL HOSPITAL
- LAYTON REHMATULLAH BENEVOLENT TRUST (LRBT)

- **Women's Day Celebration** on 16th March, 2023
- **Sports Gala Fundraiser** on 21st – 28th May, 2023

Care Welfare Expenditures:

Pediatrics Ward – 170k
Surgery Ward – 154k
Medicine Ward – 185k
Obs/Gyne Ward – 83k

These include the costs for Medication, Surgeries, Labs & Radiology

Sohail Trust Hospital

Sohail Trust Hospital

Introduction

Sohail Trust Hospital is a 350 bed hospital serving the underprivileged patients of Karachi, located in the Korangi Industrial Area, spread over 6 acres of land. There is an exponential increase in the patient volume as people from all across Pakistan are coming to Sohail Trust Hospital to avail quality healthcare services free of cost. To cater the growing demand, STH management has decided to further expand its services and facilities while maintaining the highest quality standards. Currently, Sohail Trust hospital is a multidisciplinary hospital providing premium healthcare in an impressive, state-of-the-art facility providing free of cost services to the underprivileged.

Vision

To Provide quality healthcare to all.

Mission

To improve the health status of the communities we serve by delivering excellent clinical services, ensuring quality and patient safety.

Message from Director Hospital Administration

It is my pleasure to present the annual report of the Sohail Trust Hospital (STH), located in the Korangi Industrial Area of Karachi.

The Vision of the Sohail Trust Hospital is “To Provide quality healthcare to all”. It is translated through mission statement of the hospital which is stipulated as “To improve the health status of the communities we serve by delivering excellent clinical services, ensuring quality and patient safety”. The vision and mission statements have been disseminated at all levels of the hospital functions and functionaries to ensure high quality and safe care is provided to patients at all times. Being a trust hospital with limited resources, it is a big challenge for the hospital to provide and maintain the quality and safe care to the patients and improving the overall health and well-being of our community.

The dedicated teams of healthcare professionals and support staff work tirelessly to ensure that our patients receive the best possible care in a safe and welcoming environment.

As we move forward, we remain committed to delivering exceptional patient care and making a positive impact on our community through investment in our people, technology, and infrastructure to ensure that we remain at the forefront of healthcare delivery with excellence to our patients.

I would like to express my gratitude to the Board of Trustee, Senior Management, clinical and support staff, partners, and stakeholders for their unwavering support and dedication for achieving our mission.

Sincerely,

Mr. Sarfaraz Akhter

Director Hospital Administration &
Head of Quality of Assurance

Development & Renovation

In the reporting year, the hospital has achieved most of its targets as listed below.

Clinical

One of our proudest achievements over the past year has been our continued commitment to providing free treatment to underprivileged patients. We firmly believe that access to quality healthcare should be a basic human right, and we are proud to have made a positive impact on the lives of those who have limited access to medical care. Some of our achievements in this area are following.

- Initiated specialist clinics like cardiology, nephrology, endocrinology and reproductive health.
- New OT for Obstetrics and Gynecology Department
- Initiation of Audiometry service in the ENT Clinic
- Acquiring modern 32 slice CT Scan and Echocardiography machines
- Enhanced laparoscopic surgeries
- Improved number of beneficiaries and their satisfaction with the provided medical and diagnostic services
- Initiated Nurse Aid Program

Community Service

In addition to the clinical services, the hospital has also made significant strides in promoting community health and well-being through various initiatives as mentioned below. These initiatives have allowed us to engage with our community and raise awareness about the importance of preventive healthcare.

- Free treatment of eligible patients through Zakat and Donations
- Frequent free medical camps (underprivileged patients) complemented with distribution of free medicines.
- Free medical camps and distribution of medicines and ration in the flood affected areas of Sindh
- Free Cataract Surgeries
- Breast Cancer Awareness and Screening

Quality Assurance Department

Quality Assurance Activities

Quality is the responsibility of everyone who works at the Sohail Trust Hospital. Equally important is the commitment of each member of the staff to understand the purpose and future ambitions of the hospital administration. The planning and quality operations of the hospital take place within a quality assurance framework as per local and international healthcare standards. Effective planning and efficient implementation of plans are essential to the establishment of a high-quality processes of monitoring and reviewing the effectiveness of the operational activities.

- Continuous training of doctors, nursing and janitorial staff.
- Established Managerial and Clinical Quality Improvement Committees.
- Established Infection Control Committee.
- Review and revision of SOPs for clinical departments.
- Implementation of Infection Control Program.
- Implementation of Standards for Medical Record Documentation.
- Monitoring of Key Performance Indicators of departments.
- SWOT Analysis and Strategic Plan of the Hospital.
- Nursing Strategic Plan.
- Environment and fire safety trainings.
- Patients Feedback and Incidence Reporting Form.
- Presentation on Communication Skills and Service Excellence for nursing and support staff.

FACILITIES & CLINICAL SERVICES

Facilities

24 Hours Emergency:

Emergencies are unexpected and unpredictable. In most emergency situations, time is of the essence. The Emergency Services at Sohail Trust Hospital is open 24 hours a day, providing free-of-cost treatments or at highly subsidized rates and accepts patients of all ages, with all types of emergencies. We aim to provide comprehensive and compassionate emergency medical care that is appropriate to the level of medical urgency needed, as presented by the patient. We, at Sohail Trust Hospital, are extremely committed to providing the best and Urgent care to all Emergency & Trauma patients.

General OPD / Filter Clinic:

Patients are screened, investigated, diagnosed and referred to specialist clinics or other specialities as needed. "The 'filter clinic,' which would serve as an outpatient department (OPD), has been developed with an aim to avoid unnecessary load in the emergency department,"

Operation Theater:

Patients are screened, investigated, diagnosed and referred to specialist clinics or other specialities as needed. "The 'filter clinic,' which would serve as an outpatient department (OPD), has been developed with an aim to avoid unnecessary load in the emergency department,"

In-Patient:

Patients are screened, investigated, diagnosed and referred to specialist clinics or other specialities as needed. "The 'filter clinic,' which would serve as an outpatient department (OPD), has been developed with an aim to avoid unnecessary load in the emergency department,"

Day Care:

Sohail Trust Hospital provides a Day Care facility where a patient wouldn't have to stay overnight following a procedure. They undergo surgery or procedure at the Day care, are kept for a few hours for observation and if all seems well, discharged. They or whoever accompanied them are given instructions on post-op or post-procedure care and reportable signs and symptoms. For example some cases of Cataract surgery, a few ENT procedures

24 Hours Dialysis Service:

Sohail Trust Hospital successfully inaugurated FREE Dialysis services on January 20, 2021. Around 90 per cent of patients that seek treatment at Sohail Trust Hospital are under privilege and cannot afford the cost of treatment. Therefore, with the generous support of our donors, we provide comprehensive renal care either free of cost or at largely subsidized rates to "mustaheq" patients who cannot afford the cost of treatment.

Clinical Services

24 Hours Laboratory & Blood Bank:

The Sohail Trust Hospital Clinical Laboratory is committed to providing a high standard of diagnostic services to the hospital and community at large, through inpatient, outpatient and outreach modalities. The Clinical Laboratory department is multi-sectional and performs various routine and specialized diagnostic testing on in-patients and out-patients of all ages free of cost or at largely subsidized rates. The goal of Sohail Trust Blood Bank is to "Provide safe blood from donor to patient assuring all safety guidelines"

24 Hours Pharmacy:

Sohail Trust Hospital has a well-stocked pharmacy with proper storage facilities, handled by highly qualified pharmacists and well-trained pharmacy technicians.

24 Hours Radiology & Imaging Services:

The Sohail Trust Hospital is providing premium-quality imaging services to patients. It is a highly advanced, full-service department which strives to meet all patients' and clinicians' needs in diagnostic imaging and Image-guided therapies. The Radiology department offers a wide range of non-invasive and interventional radiological services. Specialized consultants work to deliver prompt and conclusive reports. Radiology has a full range of diagnostic scanners and a team of skilful technicians and clinical radiologists.

Physiotherapy & Rehabilitation:

Physiotherapy Services at Sohail Trust Hospital provide a compassionate and comprehensive program for adults and children in overcoming physical, neurological, and cognitive impairments and disabilities caused by injury or disease. All our physiotherapists are highly trained, equipped with sophisticated equipment and work within an interdisciplinary medical team to provide examination, evaluation, diagnosis, prognosis and interventions towards achieving the treatment goals of every patient.

RESOURCE MOBILIZATION DEPARTMENT

Resource Mobilization Department

Welcome to the Resource Mobilization Department, where our mission is to make a positive impact on the community through various activities and initiatives. With a strong focus on Zakat/Donation campaigns, we strive to raise funds to support those in need and create a meaningful difference in their lives.

At the core of our department's efforts lies the belief in the power of collective action. We engage with the community by placing donation boxes in various locations and reaching out to different clubs, encouraging individuals to contribute towards our cause. Through these campaigns, we are able to gather financial resources that enable us to carry out diverse projects aimed at improving lives and fostering a spirit of solidarity.

One of the key ways we channel our resources is by providing assistance during harsh winters. We distribute blankets to the deserving members of our community who lack the means to afford them. By doing so, we strive to offer warmth and comfort to those who need it the most, ensuring that they are protected from the cold and harsh weather.

In addition to our winter relief efforts, we are committed to addressing the issue of food insecurity among vulnerable populations. Through our ration distribution programs, we ensure that essential food items reach deserving communities, helping them meet their basic nutritional needs. By offering support in this fundamental aspect, we aim to alleviate hunger and promote a healthier and more sustainable society.

As part of our corporate social responsibility (CSR) initiatives, we actively engage in environmental conservation through plantation drives. By organizing these initiatives, we contribute to the greening of our surroundings, creating a more sustainable and ecologically balanced environment for future generations.

Furthermore, we recognize the importance of accessible healthcare services, particularly in remote areas. To address this need, we organize free medical camps, providing essential healthcare services to individuals who lack access to proper medical facilities. Recently, we successfully organized a camp to support those affected by floods in Sindh. These medical camps not only provide immediate relief but also contribute to the long-term well-being of the community.

Resource Mobilization Department

To maximize our impact, we generate funds specifically for specialized camps, such as surgical camps. These camps provide essential surgical interventions to those in need, offering them a chance at a better quality of life. Through targeted fundraising efforts, we are able to provide life-changing surgeries and medical interventions to those who would otherwise be unable to afford them.

In conclusion, the Resource Mobilization Department is dedicated to creating a positive change in society. Through our Zakat/Donation campaigns, winter relief initiatives, ration distribution, plantation drives, and medical camps, we strive to uplift and empower communities in need. We believe that together, with the support of generous individuals like you, we can make a lasting impact and create a brighter future for all.

CORPORATE SOCIAL RESPONSIBILITY ACTIVITIES

CSR Activities

Inauguration Ceremony of Water Filtration Plant:

Inauguration ceremony of water filtration plant was held at Sohail Trust Hospital on 1st July 2022. This filtration plant will provide drinking water to STH patients and staff. We are thankful to Ms. Abida Javed and Ms. Nasira Faiz for donating us the filtration plant in loving memory of their mother Ms. Majida Faiz as Sadqa e Jaria. We are extremely thankful to our Donor Mr. Zeeshan Habib (Pelle Classics) for his efforts in making it possible and he was the guest of honor and inaugurated the filtration plant.

STH Staff Picnic:

Sohail Trust Hospital (A project of S. M. Sohail Trust) is an organization who believes in employee's fitness and welfare. Despite of being raging inflation and economic crises the management of SM Sohail Trust arranged a picnic for their staff at Turtle Beach. The staff of STH is very thankful to the management for organizing such a nice picnic.

CSR Activities

Workshop on Service Excellence in Healthcare:

Sohail Trust Hospital has organized a workshop on "Service Excellence in Healthcare" facilitated by Ms. Kiran Shahzadi- BSN internee (Sohail Trust Hospital) on Wednesday, August 6th, 2022 at Dr. Mumtaz Uddin Haider Auditorium (STH).

At Sohail Trust Hospital, we are committed to keeping our patients at the forefront of everything we do. We continually elevate our purpose to make a positive impact on your health. Our goal is to ensure consistent care with excellence in quality, service and access by exceeding the expectations of our community.

Independence Day Celebration:

A Tribute to our dear homeland on the independence day of Pakistan. All the staff at Sohail Trust Hospital celebrating Independence Day in patriotic spirits with the notion of working for a better and thriving Pakistan.

CSR Activities

Free Medical Camp and Ration Distribution for Flood Affected:

Sohail Trust Hospital is conducting free Medical camp and ration distribution for flood affected. We hope to continue to serve our brothers and sisters in need of medical aid. We stand with them in these testing times and hope to play a part in helping them.

Workshop on "Surgical correction of vault prolapse " Sacrocolpopexy and Colpocleisis"

Sohail Trust Hospital is very happy to have organized a workshop on "Surgical correction of vault prolapse "Sacrocolpopexy and Colpocleisis" on Thursday, Oct 20th 2022.

Prof. Dr. Pushpa Sirichand (Chairperson : Isra University–President: Pakistan Urogyne) was invited as guest speaker. She conducted a profound and eye opening workshop. The workshop consisted of informative videos on how to manage procedures. In the end shields were distributed among the guests. Sohail Trust Hospital would like to thank Prof. Dr. Pushpa Sirichand for taking the time out to come and enlighten our students and staff with her valuable experience in the field of health care.

Sohail Trust Hospital- Department of Surgery has Organized a Breast Cancer Awareness Session

Breast Cancer Awareness session was organized to build awareness, dispel myths, and address common concerns related to the subject. Sharing a few glimpses of the Breast Cancer Awareness session.

CSR Activities

World Diabetes Day Walk:

Few glimpses of Diabetes awareness walk 2022.

Free Medical Camp:

Sohail Trust Hospital has organized a Free Medical Camp on World Diabetes Day in collaboration with Pharmedo Pvt Ltd. in which free tests were performed and free medicines distributed among deserving patients.

CSR Activities

Winter Cloth Distribution:

SM Sohail Trust distributed the blankets among deserving communities in Korangi area!

We would like to say a HUGE thank you to Mahmood Brothers for their support and generous donation of blankets. This is just the start of our distribution initiative and we would like to request and encourage all donors to please keep donating so we may continue giving to the needy in other areas as well!

ENT Medical & Surgical Camp:

Sohail Trust Hospital has organized a free ENT Medical & Surgical Camp in which medicines were also distributed. We hope to continue to serve our brothers and sisters in need of medical aid. STH is thankful to all the donors, Pakistan Rangers for their support.

CSR Activities

Blood Donation Camp:

Sohail Trust Hospital has organized blood donation camp for thalassemia patients of Saylani Welfare International Trust on 14th March 2023.

We are grateful for the kindness you all have demonstrated by this contribution. Thank you so much for Blood Donation.

Free Medical and Vaccination Camp:

Sohail Trust Hospital has organized free medical and vaccination camp for Mother & Child Health in which free medicines were distributed on 18th March 2023 at Ilyas Goth Korangi Karachi. We hope to continue to serve our brothers and sisters in need of medical aid. STH is thankful to all the donors, Pakistan Rangers for their support.

CSR Activities

Distribution of Ration in Ramadan:

We have distributed Ration among deserving families. We are still accepting donations to expand our hands to more deserving families. we would like to request & encourage all donors to please keep donating so we may continue giving to the needy in other areas as well. There are many people out there who need your help.

International Nurses Day :

Celebrating the heartbeat of healthcare on International Nurses Day! Our dedicated nurses enjoyed a well-deserved break with cake and refreshments, reminding us of their invaluable contribution to our well-being.

CSR Activities

Mental Health Awareness Session:

Empowering Minds: A Resounding Success at the Sohail Trust Hospital & Sohail University Mental Health Awareness Session"

We are thrilled to share the captivating photos of our highly successful two-day Mental Health Awareness Session held at the prestigious Sohail Trust Hospital on the 29th and 30th of May. Renowned psychiatrists from all over Karachi, including esteemed guests Dr. Kareem Khawaja - Chairman, Sindh Mental Health Authority, Dr. Shehla Alvi - Professor of Psychiatry, Dr. Iqbal Afridi - Meritorious Professor at JSMU, Dr. Naim Siddiqi - HOD Department of Psychiatry at SIUT, Dr. Tariq Sohail- Chairman SM Sohail Trust, Nursing Department-SU, Department of DPT- SU & Department of Pharmacy-SU graced us with their esteemed presence.

Lifesaving Workshop by Aga Khan:

Empowering Heroes: A Two-Day Lifesaving Workshop by Aga Khan University Hospital and Sohail Trust Hospital Transforms Hospital Staff into Lifesavers!" Pakistan LifeSavers Programme at Sohail Trust Hospital.

CSR Activities

Eye Surgical Camp:

Our recent Free Eye Surgical Camp on September 11th and 12th, 2023, was a vision of compassion! Not only did we provide free surgeries, but we also distributed essential medicines to brighten the lives of our patients.

Eye Camp Certificate Distribution:

Honoring the dedication and tireless efforts of our incredible organizers and volunteers who made our Free Eye Surgical Camp a resounding success! Your commitment to community health shines brightly through these certificates and shields. Thank you for making a difference!

**COLLABORATION
WITH
SAYLANI WELFARE
INTERNATIONAL
TRUST**

Saylani Welfare International Trust

Saylani Welfare Trust's commitment to serving the community has been exemplary, and their partnership with S.M. Sohail Trust has been instrumental in providing essential medical care to deserving patients. In addition to providing food and other essential services, Saylani Welfare Trust has been supporting Sohail Trust Hospital in providing free medical treatment to patients who cannot afford it through Zakat and Donation.

Their collaboration has resulted in a significant impact on the lives of people who struggle to access basic healthcare services. The patients of Sohail Trust Hospital who cannot afford medical treatment can receive free medical care from the hospital, thanks to the support of Saylani Welfare Trust. This partnership has brought hope and relief to those who would otherwise have no access to medical care.

Saylani Welfare Trust's commitment to serving the community is not limited to medical care. They have recently announced their plan to provide free food to the locals of Korangi area, as well as to people working in the vicinity of the industrial area and hospital.

This initiative is a reflection of their dedication to improving the lives of people who struggle to access basic necessities. Providing free food to those who are unable to afford it can have a significant impact on their lives and can improve their overall well-being.

They have worked together to provide free medical treatment to deserving patients and have organized blood donation drives to support thalassemia patients. The blood donation drive organized by S.M Sohail Trust for the thalassemia patients of Saylani Welfare Trust is a testament to their dedication to serving the community.

The selfless work of Saylani Welfare Trust has been critical in creating a better tomorrow for Pakistan. Their support to S.M. Sohail Trust has enabled them to expand their reach and provide medical care to more patients. We applaud the efforts of Saylani Welfare Trust for their remarkable work and partnership, which has been essential in creating a more equitable and just society.

PATIENT SUCCESS STORIES

Patient Success Stories

Photographs have been printed with the patients' consent.

Story of Mr. Hamzullah:

In the heart of Bilwal Colony, Korangi, a small four-year-old boy named Hamzullah fought a battle that no child should ever have to face. His father, a dedicated tailor in their humble neighborhood, watched helplessly as his son's health took a severe turn for the worse. It all began with a persistent bout of diarrheic illness that left Hamzullah frail and weak.

Admitted to the hospital for a week, young Hamzullah received the care of compassionate doctors and staff. It was a tough week, but with each passing day, Hamzullah's condition improved.

This story is a reminder that with the right medical care, support, and timely intervention, children like Hamzullah can overcome even the most challenging health conditions. Your support is essential in ensuring that we can continue to provide care and hope to those in need, especially young patients who depend on us for their road to recovery.

Hamzullah's story is a testament to the impact we can make when we come together as a community, providing the necessary support for a brighter and healthier future for all. With your continued support, we can ensure that stories like Hamzullah's are not just tales of hope but also a reality for many more children in need.

Patient Success Stories

Photographs have been printed with the patients' consent.

Story of Ms. Lal Khatoon ICU:

From the arid plains of Jacomabad, Lal Khatoon, a mother of four children, arrived at our hospital's doorstep, bearing the weight of not only her own fragile health but also the hopes and dreams of her four young children. High fever, relentless coughing, persistent vomiting, and abdominal distension had taken her to the brink of despair, but it was in the ICU of our hospital that she found a renewed sense of hope. With a life burdened by the hardships of a remote and underprivileged area, she had few resources to seek the medical attention she desperately needed. However, thanks to the support of our esteemed donors, her journey to recovery began. All her medical tests and treatments were made possible through the generous contributions of those who believe in the power of giving. The support she received from the Zakat fund and the compassionate healthcare professionals were instrumental in her remarkable recovery. Her journey was a testament to the power of community and the impact of selfless giving. This story serves as a reminder that every act of kindness, whether through financial support or the dedication of medical professionals, can change lives. In her case, it not only saved a mother but also secured the future of her four children, who now have the hope of growing up with their mother's love and care. The strength of communities, like those who support the Zakat fund, makes it possible to provide care to those who might otherwise go untreated. This is a reminder that by coming together, we can ensure that stories of resilience and recovery, like this mother's, are not just a distant possibility but a reality for those in need. Your contributions are the lifeline for countless individuals seeking a second chance at life.

Patient Success Stories

Photographs have been printed with the patients' consent.

Story of Mr. Khadim:

Khadim, a devout Christian, arrived at Sohail Trust Hospital with a foot infection that had spiraled out of control due to his diabetes. The wound was deep, and his high sugar levels had allowed the infection to spread throughout his foot. The situation was dire, but hope was just around the corner.

With the resources at hand, our medical team, inspired by Khadim's resilience, embarked on the journey to healing. His treatment was made even more accessible through the free provision of necessary medications by Saylani welfare Trust.

It was a journey filled with challenges, but as the days passed, Khadim's determination to overcome his ordeal only grew stronger. The healing process was not just a physical one; it was a testament to the power of community support, compassion, and faith.

The availability of resources, provided by the kindness of those who believe in the power of giving, enabled a profound transformation in Khadim's life. His journey serves as a testament to the boundless potential of human kindness and the extraordinary impact it can have on those in need.

Patient Success Stories

Photographs have been printed with the patients' consent.

Story of Ms. Shakeela:

Shakeela, a resilient widow and a mother of three small children, carried the weight of not only her family's future but also the burden of debilitating upper abdominal pain that had plagued her for an entire year. With no source of income and her children's well-being resting solely on her shoulders, she had nowhere to turn until she arrived at Sohail Trust Hospital. For seeking medical treatment had seemed like a distant dream, as her financial situation left her with limited options. The pain she endured was both physical and emotional, as it hindered her ability to provide for her children. The situation was dire, but hope was about to enter her life.

Thanks to our donors, Shakeela's journey to recovery was made possible. Every test, operation, and every medical expense she required were covered by the generosity of those who understood the importance of extending a helping hand to those in need.

The physical pain that Shakeela had carried for so long began to subside, and with it, a glimmer of hope emerged. Her children, witnessing their mother's recovery, were given a second chance at a brighter future.

Patient Success Stories

Photographs have been printed with the patients' consent.

Story of Mr. Ishaq:

In the bustling neighborhood of Korangi Crossing, a man named Ishaq, aged 35, was locked in a fierce battle against a relentless adversary: dialysis. His financial situation was dire, with a meager source of income that couldn't bear the weight of his mounting medical bills. To make matters more challenging, he was the sole provider for his three young children, who were too small to work and support their father in his time of need.

Sohail Trust Hospital support Mr. Ishaq in his time of need. Recognizing the urgency of his situation, they stepped up to provide free of cost treatment.

With the support of community, Ishaq found the courage to continue his battle against dialysis. His journey is a reminder that, when faced with adversity, we can make a profound difference in the lives of others. The kindness of the Donors became a beacon of light that guided Jamal and his children through their darkest days.

Patient Success Stories

Photographs have been printed with the patients' consent.

Story of Mr. Shareef:

In the small town of Abbottabad, a man named Shareef, a father to a seven-year-old son, was confronted with a health crisis that seemed insurmountable. His battle with a persistent leg infection, exacerbated by high blood pressure and diabetes, had taken a dire turn. Despite numerous attempts to heal the wound, it refused to respond, and the last resort was to consider amputation. Shareef, determined to explore every possibility for recovery, embarked on a journey filled with hope. Guided by a glimmer of faith and a suggestion from a friend, he made the long journey to Sohail Trust Hospital in Karachi. Upon arriving at our hospital, Shareef's story touched the hearts of our medical team. His case was a stark reminder of the importance of timely intervention and advanced medical care. The infection in his leg had become a significant threat to his overall health and well-being. With the necessary medical care and surgical intervention, Shareef's battle against the leg infection took a positive turn. Shareef's determination and the unwavering support of his medical team were pivotal in his healing process. Shareef's journey from despair to hope is a vivid illustration of the impact we can have when we come together to support those in need. Your contributions and the tireless efforts of the medical staff ensured that Shareef did not have to face the prospect of amputation, providing him with the chance to continue his life as a devoted father to his young son. Your support truly made a difference in Shareef's life, giving him a second chance and a brighter future.

Patient Success Stories

Photographs have been printed with the patients' consent.

Story of Ms. Zainab:

Zainab, aged 56, found herself grappling with a multitude of ailments. Her sons, who worked as laborers, were well aware of the gravity of her condition but couldn't afford the substantial medical expenses she required. The weight of their mother's illness bore down on them, filling their days with worry and sleepless nights.

Their journey led them to a place of compassion and care, a place where the impossible could become possible. At the Sohail Trust Hospital Zainab's case was met with empathy and urgency. Lab test and every treatment, were shouldered by the generosity of those who understood the profound impact of lending a helping hand. She diagnosed with chest infection and high sugar. Zainab was admitted to the hospital, and her stay, extending to 15 days, was marked by relentless dedication to her well-being.

The generosity of our donors and the dedication of the healthcare professionals played a pivotal role in Zainab's recovery. This story is a powerful illustration of how collective efforts can turn stories of despair into tales of hope, proving that miracles are indeed possible. Your contributions to the Zakat panel helped bring about a miracle in Zainab's life, offering her a renewed chance at health and happiness.

CARDIAC & GENERAL HOSPITAL

Where Patient Care Is At The Heart Of All We Do

Introduction to Medicare Cardiac & General Hospital

In 2014, a state of the art teaching Hospital opened at the Shaheed-e-Millat Campus. Hospital has 150 beds providing the entire range of cardiovascular and surgery services including 24 hour Emergency, Angiography, Angioplasty and Cardiac Surgery with ICU. and CCU. This provides a new dimension for teaching undergraduate and postgraduate students as they have the privilege of being exposed to a modern, high- tech hospital in the heart of the city. All of these are aimed at developing leadership qualities and team spirit.

Medicare Cardiac & General Hospital

Vision

To be nationally respected for excellence in patient care.

Mission

To improve the health and healing of the people and communities we serve.

Quality Policy

CARING: We do the Kind Things

Every Medicare Staff member touches the lives of the patients and families in our care.

SAFETY: We do the Safe Thing

Patients and families place their lives and health in our hands. At Medicare we believe that maintaining the highest safety standards are critical to delivering high-quality care and that a safe work place protect us all.

EXCELLENCE: We do the Best Thing

At Medicare, only the best will do. We devote ourselves to continuous improvement, excellence, professionalism and innovation in our work.

INTEGRITY: We do the Right Thing

Our actions tell the world what Medicare is and what we stand for. We act ethically and responsibly in every thing we do. We bring respect, openness and honesty to our encounters with patients, families, doctors and co-workers, and support the well-being of the communities we serve.

Message from Director

As the Medical Director of Medicare Cardiac & General Hospital, I am pleased to present to you the annual report. Medicare employs many healthcare professionals, including physicians, nurses, allied health professionals, and administrative staff. These professionals work together to provide patients with the best possible care, using the latest medical technologies and treatment modalities.

In pursuit of higher standards in patient care, undergraduate and post graduate teaching and vocational training at all levels of ancillary staff, Jinnah Medical & Dental College has established a 150 bedded hospital in Medicare Cardiac & General Hospital which has been providing services from 1st December, 2014. The Hospital is offering comprehensive diagnostic and therapeutic services to patients in all fields of healthcare.

Dr. Fadieleh Sohail

Director of Medical Education,
Director of Medicare Cardiac &
General Hospital

HEALTHCARE SERVICES

Introduction to HealthCare Services

Medicare Cardiac & General Hospital offer a diverse range of healthcare services aimed at promoting wellness, preventing illness, and treating a wide range of medical conditions. These services encompass a broad spectrum of specialities, from primary care to specialized tertiary care. Primary care services include routine check-ups, vaccinations, and preventive care to keep patients healthy and catch potential health issues early. Speciality services, such as cardiology, neurology, and oncology, are staffed by specialized medical professionals who provide advanced diagnostic, treatment, and management options for patients with complex medical conditions. Hospitals also provide surgical services, ranging from minor outpatient procedures to complex surgeries requiring specialized expertise and cutting-edge technology.

Diagnostic services, including laboratory tests, imaging scans, and genetic testing, are critical components of healthcare services, providing healthcare professionals with the information necessary to diagnose and treat medical conditions accurately. In addition, hospitals provide rehabilitation services, including physical therapy, occupational therapy, and speech therapy, to help patients recover and regain function after an illness or injury. Palliative care services, including pain management, symptom relief, and emotional support, are also available to patients with chronic or terminal illness.

By offering a comprehensive suite of healthcare services, hospitals play a vital role in promoting the health and well-being of their patients and the communities they serve.

MEDICARE FACILITIES

Introduction to Medicare Facilities

Medicare Cardiac & General Hospital facilities encompass a comprehensive array of spaces and resources that are fundamental to delivering exceptional healthcare services. These facilities are thoughtfully designed to create an environment that promotes healing, comfort, and efficiency. At the heart of a hospital, the reception and waiting areas provide a welcoming and organized space for patients, families, and visitors. The outpatient clinics offer specialized consultation rooms where doctors can examine patients and provide expert medical advice. Inpatient wards feature well-equipped rooms, including hospital beds, monitoring systems, and amenities to ensure patients' comfort during their stay. Operating theatres are meticulously designed with advanced surgical equipment, sterile environments, and support systems to facilitate complex surgical procedures. Diagnostic facilities, such as laboratories and imaging departments, are equipped with cutting-edge technology for accurate and timely diagnoses. Emergency departments are equipped to handle urgent medical situations, with dedicated triage areas, resuscitation rooms, and critical care equipment. Moreover, hospital facilities extend beyond patient care areas to include administrative offices, staff facilities, pharmacies, and storage spaces for medical supplies. Each component within these facilities collaborates to create a harmonious environment that enables healthcare professionals to deliver the highest standard of care and promote the well-being of patients and their families.

QUALITY ASSURANCE

Quality Assurance

Committees and Meetings:

Medicare Cardiac and General hospital has established a compact structure for developing policies that monitor hospital-wide activities and process flows. To improve health care services, the entire committee works on the following principles.

- Strong Leadership
- Continuous Quality Improvement
- Evidence Based Practices
- Result Oriented
- Strict Transparency

Quality and Patient Safety Committee

The primary goal of the quality and patient safety committee is to offer supervision and direction in analyzing the appropriateness of treatment and services provided, as well as to continually upgrade and improve the quality of care and services provided.

The Health and Safety Committee

The health and safety committee serve as a platform for management and employees to collaborate on health and safety problems. The committee is in charge of carrying out our systemic process of identifying the elements within the hospital that lead to a patient, visitor, or staff member being at risk.

This includes collecting and aggregating adverse event reports from all sources. The committee assures patient, public, and employee safety, as well as an image of trust, as a key value when evaluating assurance, quality governance, and risk.

The committee's key activities include quality and patient safety work streams, clinical audits, learning and development, and information technology.

Registration and Regular Licensing from Sindh Healthcare commission:

Medicare Cardiac & General Hospital has always strived to achieve excellence in patient care, Hence, regulatory obligations are one of the top priorities for the management of Medicare Cardiac and General Hospital.

Registration from Sindh Healthcare commission has been awarded to Medicare cardiac and general hospital in 2019, After that the process of Regular licensing has been initiated and external audits by the Sindh healthcare commission has been done.

QUALITY & PATIENT SAFETY DEPARTMENT

Quality & Patient Safety Department

The Quality and Patient Safety Department within a hospital plays a pivotal role in ensuring the delivery of high-quality healthcare services while prioritizing patient safety. Quality and Patient Safety Department in Medicare Cardiac and General Hospital is dedicated to systematically monitoring, evaluating, and improving various aspects of patient care to enhance overall quality and minimize risks. Through the implementation of rigorous quality assurance measures and the fostering of a culture centered on safety, the Quality and Patient Safety Department contributes significantly to the hospital's mission of providing optimal and secure healthcare experiences for patients.

Structure of Quality & Patient Safety Department in Medicare Cardiac and General Hospital:

Division of Quality Improvement & Patient Safety:

Worked in strengthening of clinical governance committees. Including:

1. Quality and Patient Safety Committee
2. Infection control Committee
3. Mortality & Morbidity Committee
4. Health and Safety Committee

Dimensions:

Division of Quality Improvement & Patient Safety is working in following dimensions:

Data Management:

Includes Feedback management system, KPIs data monitoring and Reporting,

Monitoring and Evaluation:

Includes Incident Reporting, Clinical Audits, Floor rounds, Leadership walk rounds, Gamba walks.

Quality Improvement:

Includes Process Analysis, Quality projects, Awareness Sessions, Research, E-Solutions.

Risk Management:

Including use of HIRA (Hazard Identification and Risk Assessment) techniques.

Licensing and Accreditations

Division of Infection Prevention and Control:

In a hospital setting, Infection Prevention and Control (IPC) is a critical department focused on safeguarding patients, healthcare workers, and visitors from the spread of infectious diseases. In MCGH Division of Infection Prevention and Control (IPC), is dedicated to implementing comprehensive strategies and protocols to prevent the occurrence and transmission of infections within the healthcare facility. By emphasizing rigorous hygiene practices, proper sanitation, and adherence to infection control measures.

Dimensions:

Data Management:

Collection, analysis and monitoring of KPIs, HAI and Communicable diseases related data

Monitoring and Evaluation:

Includes Surveillance of Hospital acquired infections, Audit rounds of clinical and non-clinical area and Reviews on standard precaution of infection prevention and control, Review of waste management practices.

Quality Improvement:

Includes Process Analysis, Quality projects, Awareness Sessions, Research, E-Solutions.

Risk Management:

Includes IPC related Spot trainings and General trainings of Healthcare staff..

Division of Health and Fire Safety:

Health and Fire Safety in a hospital is a dual-focused department that addresses the well-being of individuals within the healthcare environment. Division of health and fire safety is dedicated to implementing measures that ensure both the physical health of patients and staff and protection against the risks associated with fires. Health and Fire Safety professionals work collaboratively to establish and enforce protocols for infection prevention, occupational health, and emergency response. By integrating health and fire safety practices, the department aims to create a secure healthcare setting where patients can receive quality care without compromising their safety, and where healthcare professionals can work in an environment equipped to handle emergencies effectively.

Dimensions:

Fire Safety:

Includes Training of staff related to fire safety, Calibration and replacements of fire safety equipment's including fire extinguishers, Fire hydrants etc.

Risk Management:

Assessment, Analysis and reporting of risks, Development of risk register, and trainings of employees over HIRA (Hazard Identification and Risk Assessment) technique.

Occupational Health and Safety:

Incident analysis and reporting, Monitoring and inspections for employee safety.

Quality Update for Medicare Cardiac & General Hospital Clinical Performance Overview for 2023:

1. Patient identification compliance was found to be 95% for inpatients, CCU, ER, Cath lab, operating rooms and over 99% for OPD.
2. The percentage of Falls Risk Assessment was over 99% across all inpatient areas.
3. Critical Alert reporting was over 93% for Laboratory.
4. Compliance with healthcare acquired infection prevention was 99%.
5. Compliance with Hospital acquired Pressure Ulcers and IV-line phlebitis prevention was 99.87% and 99.74% respectively.
6. Patient satisfaction rate from the hospital services was about 80%.
7. Prevention of inoculation injuries was 99.98% for inpatients, CCU, ER, Cath lab, operating rooms, laboratory and phlebotomy.

EQUIPMENT

Equipment

In a Medicare Cardiac & General Hospital, a diverse range of equipment plays a vital role in delivering quality healthcare. These essential tools and devices are meticulously designed to support medical professionals in their diagnosis, treatment, and monitoring of patients. From the bustling corridors to the operating rooms, one can find a multitude of equipment tailored for specific purposes. High-tech imaging machines, such as MRI scanners and X-ray machines, enable precise visualization of internal structures, aiding in accurate diagnoses. Surgical suites are equipped with advanced tools like anesthesia machines, surgical lasers, and robotic systems, enabling intricate procedures with improved precision. Life-saving equipment, including ventilators, defibrillators, and cardiac monitors, provide critical support for patients in emergency situations. Additionally, hospital beds, infusion pumps, and patient monitoring systems are crucial for maintaining comfort and ensuring constant care. These indispensable medical equipment work in harmony to empower healthcare professionals in their mission to provide efficient, effective, and compassionate treatment to patients in need.

Session for Harassment Free Environment:

Empowering Change: Creating a Safe and Respectful Work Environment. We are thrilled to share some highlights from our successful training session on fostering a Harassment Free Workplace Environment. Together with the Institute of Early Childhood Education & Development (IECED) and Mehrgarh Islamabad, we took a significant step towards promoting inclusivity, respect, and gender equality. Check out these impactful moments captured during the session. Let's continue championing a work environment free from harassment and ensuring the well-being and empowerment of all!

This course is provided free of cost to students, offering them the opportunity to receive education and pursue a career in the Generic BSc Nursing degree program.

Lectures & Seminar

Iftar Party:

We are grateful to all those who joined us for a heartwarming Ramadan Kareem Iftar party organized by Nursing Department (Medicare Cardiac & General Hospital). It was a beautiful evening filled with joy, compassion, and the spirit of togetherness. As a hospital, we believe in bringing our community together and celebrating the diversity and richness of our cultures and traditions. This Ramadan Kareem Iftar party was a testament to that belief, as we welcomed people from all walks of life & religion to break bread and share blessings with us. We honored the healthcare workers, doctors, first responders, and essential workers who continue to work tirelessly during these challenging times. We are thankful for everyone who joined us and contributed to making this Iftar party a success. May the blessings of this holy month continue to bring us closer together and fill our hearts with peace, love, and compassion. Ramadan Kareem!

Story of Mr. Mansoor Qureshi and her Wife:

We are thrilled to share our wonderful experience at Medicare Cardiac & General Hospital, where our journey into parenthood was nothing short of exceptional.

My Wife underwent a smooth and satisfying normal delivery, expertly handled by Dr. Shabee Naz. Her professionalism and care left us confident and grateful. Dr. Nargis, overseeing ultrasound, added to our assurance with her meticulous approach.

The Gynecology department's staff, known for their warmth and courtesy, maintained impeccable cleanliness. What stood out was the hospital's commitment to prioritizing normal deliveries, reflecting their dedication to individualized care.

In Essence, our time at Medicare Cardiac & General Hospital was marked by professionalism, compassion, and a commitment to excellence. The birth of our baby girl became a joyous occasion, thanks to the remarkable team that made it all possible.

Story of Mr. Muhammad Khalid:

I, Muhammad Khalid, a retired Mechanical Engineer and former General Manager of Maintenance at K-Electric, wish to express my sincere appreciation for the exceptional care I received at Medicare Cardiac & General Hospital. Having struggled with persistent knee pain, I underwent a knee replacement under the expert care of Dr. Shahid Noor. His proficiency and dedication to my well-being were evident throughout the entire process. One aspect that truly sets Medicare Cardiac & General Hospital apart is the efficiency and professionalism of the paramedical staff. The response time here is remarkably quick, reflecting a commitment to prompt and effective healthcare services. The entire staff and medical team, including Dr. Shahid Noor, demonstrated unparalleled politeness and courtesy, creating a welcoming and supportive environment. This level of care and compassion surpassed my expectations and significantly contributed to my positive experience. In comparison to other hospitals, Medicare Cardiac & General Hospital stands out for its exceptional staff, efficient response times, and the overall courteous demeanor of everyone involved. I am sincerely thankful to the entire team for making my journey to recovery a smooth and comfortable one.

Story of Ms. Sabira Mussawar:

I wanted to extend my heartfelt thanks for the exceptional care I received at Medicare Cardiac & General Hospital during my recent admission. Under the responsible and attentive care of my consultant, Dr. Sahira Agha, I experienced a level of treatment that exceeded my expectations. Despite the late admission, Dr. Agha ensured that I received the best care possible, and I am truly grateful for her dedication and expertise. I am pleased to share that my experience at the hospital was positive overall. The support staff was excellent, contributing to a comfortable and reassuring environment. I particularly appreciate the hospital's approach of prioritizing in-patient care, demonstrating a commitment to addressing the needs of those admitted promptly. Having undergone a normal delivery during my stay, I am satisfied with the care I received from the entire team at Medicare Cardiac & General Hospital. I wanted to express my gratitude for the professionalism, kindness, and efficiency demonstrated by everyone involved in my treatment. Thank you once again for the excellent care.

Story of Mr. Muhammad Anwar:

My name is Muhammad Anwar, and I recently traveled from Quetta to Karachi seeking medical care at Medicare Cardiac & General Hospital due to a heart issue. I wish to express my sincere appreciation for the outstanding treatment I received during my stay. Under the attentive care of Consultant Dr. Abdul Samad Achakzai, the medical team displayed exceptional professionalism and support. Their dedication and expertise significantly contributed to my overall satisfaction with the treatment. The entire staff at Medicare Hospital, from doctors to support personnel, demonstrated a commitment to patient well-being. Their collective efforts created a supportive and reassuring environment, making my experience at the hospital positive and comfortable. I want to express my heartfelt thanks to everyone at Medicare Cardiac & General Hospital. Your exemplary care has left a lasting impact, and I am genuinely grateful for the high standard of medical attention and support I received.

SOHAIL
UNIVERSITY

Introduction to Sohail University

Sohail University is named after a legal luminary of Karachi, who was an active participant in the freedom movement as President of Provincial Muslim League and President of Bihar Relief Fund. After 1947, he became Secretary of the Pakistan Bar Council, founding Managing Director of Karachi Co-operative Housing Union and Chairman Public Accounts Committee of West Pakistan Assembly. He was an ardent advocate of education and founded Sharfabad English School.

His son, Professor Dr. Syed Tariq Sohail, an eminent Psychiatrist, Educationist and Civil Society Activist, inherited Mr. S. M. Sohail's passion for education. His vision for education includes relevance to the current and evolving needs of the local community and the world, where subjects are not taught in isolation, but in collaboration with other disciplines.

Dr. Syed Tariq Sohail established Medicare Hospital in 1974, an innovation in Pakistan in the private sector, where several different specialist doctors practiced under one roof, allowing for collaboration and better quality of health care. He established S.M. Sohail Trust in 1996, which owns Jinnah Medical & Dental College and the attached teaching Hospitals: Jinnah Medical College Hospital, Medicare Dental Hospital and Medicare Cardiac and General Hospital.

The vision has come full circle now with the establishment of Sohail University through the Sohail University Act 2017 (passed by Sindh Provincial Assembly May 9, 2018). The University is chartered by the Government of Sindh and recognized by the Higher Education Commission, Islamabad.

Vision

To be a leading University through commitment to innovative teaching and learning, creation of new knowledge through transformative research and promoting values of learning, leadership and service.

Mission

- To establish centers of excellence in emerging areas of natural, biological and social sciences, engineering, technology, management, arts and humanities.
- To achieve excellence in research, teaching and learning through continuous quality improvement.
- To foster an environment of student-centered learning, mutual respect, integrity, honesty and ethical behavior.
- To institutionalize and link social accountability to all graduate programs with regard to education, research and services and be able to deal with current and future challenges of society.

Message from Vice Chancellor

Sohail University, founded under the S.M. Sohail Trust by a bill sanctioned on May 9, 2018, by the Sindh Provincial Assembly, is a relatively new institution. However, our constituent entities, Jinnah Medical & Dental College and Jinnah College of Nursing, have established themselves since 1998-99 and 2009, respectively. Renowned for pioneering teaching methodologies and clinical training within our well-equipped hospitals, these institutions have garnered a strong reputation.

Expanding our healthcare initiatives, in 2018, we introduced the Jinnah College of Rehabilitation Sciences, offering the Doctor of Physical Therapy (DPT). Through these programs, we've produced a multitude of graduates in MBBS, BDS, Nursing, and Pharm-D, actively contributing to fulfilling the healthcare requirements of society.

Since our inception, we've developed several faculties—Basic and Applied Sciences, Health Sciences, Pharmacy, Social Sciences, and Management and Information Sciences—each providing a range of Undergraduate and Postgraduate programs detailed in our prospectus.

The core vision of the University revolves around delivering exceptional education fused with extensive research support. Our emphasis remains on a student-centered approach, aiming to prepare graduates not just with specialized knowledge but also with the ability to pioneer new solutions through research for the betterment of society. Our faculty consists of proficient experts and ardent researchers, supported by two advanced research facilities: the Institute of Historical and Social Research and the state-of-the-art Biomedical Research Center.

Beyond our rigorous academic pursuits, we take pride in our diverse extracurricular activities. We strongly encourage students to engage with these programs to broaden their experiences and enrich their lives holistically.

Prof. Dr. Syed Hussain Mehdi

Vice Chancellor, Sohail University

Student Societies

MUSIC SOCIETY

Singing classes are held weekly under the supervision of an Ustad. They culminate in an intra-college music competition.

ARTS & THEATER SOCIETY

Art competitions are held to encourage development and expression of artistic skills, which includes sketching, painting, photography, glass painting and model making. Students write, direct, act and perform in their own dramas, skits and choreographies during scheduled programs. We promote self-expression, individualism, exploration, self-discovery and community-building.

MEDIA SOCIETY

The Media Society hones students' communication skills, to ensure that they are well-versed in the art of managing and using various communication media responsibly, and provides a platform for dialogue, discussion, and artistic expression.

Student Societies

SPORTS SOCIETY

This club arranges inter-college competitions in Cricket, Football, Basketball, Throwball, Badminton, Table Tennis and Athletics.

There are teams for both boys and girls in all disciplines. We also participate in interco sports. There is an indoor badminton court located in the student lounge along with table tennis facilities. Cricket, football grounds and basketball courts are at the Korangi campus

EVENT SOCIETY

Students organize programs which include guest lectures, student presentations and performances to celebrate various events such as International Health Days, Religious Festivals, Social Awareness Campaigns.

IHSR

Institute of Historical & Social Research

Centre for People's History and Dynamics of Change

Introduction:

IHSR is a Karachi (Pakistan) based research organization with a very vibrant progressive and pro-people vision, will disseminate its historical research in the form of books, monographs and occasionally held seminars and conferences. Preservation and publication of the political literature of Pakistan is of special interest for the Institute.

Vision:

To create through its research, publications, and other academic activities an insight into, and awareness about a peoples-centered understanding of the past, present, and future of Pakistan

Mission:

The Institute of Historical and Social Research seeks to promote a vision to look at the past, present, and future through the lens of the people. It seeks to promote a democratic way of thinking and seeks to see it developing both at the levels of the state and society. A direct corollary of the democratic vision is the ideal of social justice and equality of citizens before the law. The Institute works to highlight and promote the values of enlightenment, tolerance, and pluralism. The BoG will be entitled to suggest activities it might deem necessary for the achievement of the objectives of the Institute.
